hose \`hoz \ n : a flexible tube for conveying gases or fluids

tubing $\ \ i(y)u$ -bing $\ n$: a stiff material in the form of a tube used for conveying gases or fluids

Do you use a garden tube?

The answer to the question of whether to call it a tube or a hose rests on a fine line, one many people have gotten tangled up in. In both definitions it clearly states that a tube and a hose are used for conveying fluids, yet sometimes one word seems to fit the situation (and the application) better than the other. So remember...

It's a hose when it's flexible and a tube when it's not.

Clippard offers a variety of miniature hose and tubing from copper and nylon tubing to flexible urethane, vinyl and Buna-N hose. The chart below lists these products and their available colors and lengths.

Hose or Tubing Type NYT1 - Single Nylon Tubing **VYH1** - Single Vinyl Hose Size: O.D. x I.D. VYH2 - Dual Vinyl Hose **0402** - 1/8" x 1/16" **URH1** - Single 85 Duro. Polyurethane Hose **0403** - 1/8" x 3/32" URH2 - Dual 85 Duro. Polyurethane Hose **0503** - 5/32" x 3/32"

URH8 - Ribbon 85 Duro. Polyurethane 1208 - 3/8" x 1/4"

Colors: Solid **0804** - 1/4" x 1/8" **0805** - 1/4" x 0.160"

1610 - 1/2" x 0.320" **Metric Sizes**

0604M - 6 mm x 4 mm 0805M - 8 mm x 5 mm

Available Lengths 050 - 50' Roll

500 - 500' Spool

Translucent

BLS - Blue **BLT** - Blue **BKS** - Black CLT - Clear **GNT** - Green **BRS** - Brown **GNS** - Green **PUT** - Purple GYS - Grav **ORT** - Orange NAS - Natural **RDT** - Red **YLT** - Yellow **ORS** - Orange RDS - Red

02T - BLT/GNT/GYS/ORT/ PUT/RDT/WHS/YLT (ribbon only)

This chart is to be used as an explanation of our ordering system. See individual listings following this page for sizes and colors available.
